

Sandy Springs Fire / Rescue Asks: Have you ever wanted to help in an emergency?

If your answer is yes, we need you to
be a part of **C E R T !**

Community Emergency Response Team

Each **CERT** member will learn basic disaster response skills, such as fire safety, light search and rescue, team organization and disaster medical operations. Using the training learned in the classroom and during exercises, **CERT** members can assist others in their neighborhood or workplace following an event when professional responders have not yet arrived on the scene.

**For additional info on how to get involved
in the City of Sandy Springs CERT
training contact: Crew Chief/CERT
Coordinator James Laudermilk
at 404-368-6490 or by email at
jlaudermilk@sandyspringsga.gov**

The Sandy Springs Fire Department is offering **CERT** training to our community. The goal is for SSFD to provide training on basic response skills to members of neighborhoods, community organizations, communities of faith and businesses. **CERT** members are then integrated into the emergency response in their area in times of need.
